

# Job Description: Health & Safety Officer (Fixed Term Contract – 12 months)

## **Health & Safety Officer (Fixed Term Contract – 12 months)**

**REF: EST005-822**

### **The role:**

To undertake health and safety inspections, develop workplace-associated risk assessments, investigate health and safety concerns and accidents and to also develop and deliver educational and promotional activities for both staff and students.

The postholder may be expected to work across both sites.

### **Responsible to:**

The postholder is responsible to the Estates Manager

### **Key Accountabilities and Responsibilities:**

- Work directly with the Estates Managers regarding the arrangements of all relevant College health and safety issues.
- Maintain up-to-date knowledge of United Kingdom health and safety statutory legislation and ensure that all College-based activities are compliant (i.e., the Health and Safety at Work Act 1974 and all relevant Health and Safety legislation deriving from the Act and EC Directives).
- Advise on codes of practice, safe systems of work, and any special precautions deemed necessary, and identify measures needed to comply with legal duties.
- Keep abreast of changes in United Kingdom health and safety legislation and take responsibility for effectively communicating such changes to College users.
- Lead the promotion of a positive health and safety culture at the College.
- Assess risks to health and safety for all College employees and users of the College.
- Maintain and distribute the College's Health & Safety Policy, explaining the arrangements for ensuring health and safety within the organisation to College users, and regularly review the effectiveness of the Policy.
- Ensure there is a process in place to collate all risk assessments across the College and follow up compliance through the correct channels.
- Assist, review, and advise on draft/completed risk assessments, PEEPs, and safe systems of work.
- Assist the Facilities Management Administrator with the review of contractor risk assessments and method statements.
- Advise on documentation related to site Health & Safety and compliance.

- Ensure that the storage and handling of all articles and substances on the College campus is done in accordance with the relevant health and safety legislation, and advise where correction is needed regarding COSHH.
- Ensure that, along with Estates Managers and the Facilities Management Administrator, all new equipment is installed and operated in accordance with the appropriate statutory regulations, codes of practice, and manufacturer's recommendations, and investigate and identify any potential hazards which may arise out of the introduction of new equipment or methods of work.
- Compile and monitor accident statistics and prepare reports.
- Carry out investigations into the causes of accidents, dangerous occurrences, or occupational disease, and recommend changes in operational procedures arising from investigations.
- Ensure that the necessary documentation is completed and filed following an accident/injury at work, including obtaining statements from witnesses.
- Make regular safety walks of all departments and make recommendations for any action necessary to comply with health & safety and other requirements as appropriate to the work activity being carried out.
- Arrange the Health and Safety Committee.
- Advise on what training is required from an all-staff perspective and departmental level regarding Health & Safety.
- Supervise the management of the College's Legionella management requirements.
- Supervise the management of the College's Asbestos Management Plan.
- Advise if the College has the right levels of first aid provision and supplies, and be emergency first aid trained.
- Be an integral part of the College's fire planning process, including fire risk assessments, evacuation drills, and compliance with fire safety legislation.
- Liaise with the College's insurers where required.
- Check compliance regarding portable appliance testing (PAT) for each department and report where necessary.
- Be part of student induction health and safety requirements, and lead on staff induction for health and safety.
- Ensure that when staff report DSE issues, these are followed up appropriately.

The above duties are indicative of the requirements of the post at the time of recruitment. It is management policy that roles and responsibilities are reviewed on a regular basis leading to possible modifications where appropriate. Staff may be asked to undertake other duties as may be

reasonably required commensurate with the post, at the initial place of work or at other locations from which the College operates.
